Business Information: Operating as General Manager, Mr. Canfarone is in charge of managing the diverse range of business operations for S.T. & M. Italia. Utilizing 25 years of managerial experience, he masters the business of financial operations, technical issues regarding Internet technologies and software debugging, and the creation of intelligent solutions for a wide web of challenges in business management and mechanical applications. He provides oversight to ten employees whose creative and technical work produce original designs for software programs as well as multimedia presentations. Mr. Canfarone is pleased with the success of S.T. & M. Italia thus far, and plans to take the business to next level by increasing customer services and business exposure. Established for operation in 1995, S.T. & M. Italia is a computer engineering company located in two areas of Italy, offering software design, multimedia services, and Internet services. Delving into the realm of technologically based communications, the software house offers a full spectrum of information sharing opportunities, including software engineering, video conferencing, web development, and CD-ROM publications.

Career Highlights: General Manager, S.T. & M. Italia (1995-Present); General Manager, I.S.T.A. Advanced Technology Engineering (1989-94); General Manager, System Progetti (1976-88).

Associations & Accomplishments: Italian Association for Computer Science and Data Processing; AICA.

Education: Mechanical Engineering degree (1976); Post Graduate Course in Computer Science and Data Processing.

Personal Information: Married to La Rosa Elvira in 1973. Two children: Alberto and Giuseppe. Mr. Canfarone enjoys photography and sea sports.
